

Vortex Optics Quality System Manager

Job Type: Full-Time – Avg. 45 hours per week

Location: Middleton, WI

Department: Engineering/Manufacturing

Compensation: Salary + Full Benefits

Contact: Mary Grummer at careers@vortexoptics.com

Job Description:

Vortex Optics is seeking a Quality System Manager. This is a first shift position. This position is responsible for developing, leading, and supporting the Quality System in the Vortex Manufacturing Facility.

Key Responsibilities for this Position:

- Develop, lead, and support quality improvement initiatives in the Vortex manufacturing facility
- Monitor the performance of all quality related processes and systems within the organization
- Produce and report quality metrics (KPIs) to management
- Assistance with development of company Best Practice Metrology Standards
- Ensure resolution of inspection, data collection and documentation issues impacting quality and operations
- Provide advanced level troubleshooting support to resolve metrology and manufacturing related issues
- Work with purchasing staff to establish quality requirements from external suppliers
- Make sure that manufacturing or production processes meet international and national standards
- Look at ways to reduce waste and increase efficiency
- Define quality procedures in conjunction with operating staff
- Set up and maintain controls and documentation procedures
- Monitor performance by gathering relevant data and producing statistical reports
- Act as a catalyst for change and improvement in performance and quality

Skills/Competencies Required:

- Familiar with ISO quality management systems and quality control methods
- College degree with a minimum of 10 years of experience in a manufacturing environment
- Knowledge of raw materials, production processes, quality control, and other techniques for maximizing the effective manufacture, repair, and testing of goods
- Familiarity with precision metrology environments
- Familiarity with GD&T concepts
- Familiarity with CNC machines

Company Description:

Vortex has a staff of dedicated people who come to work and make great things happen for our customers and dealers. We have a highly regarded line-up of products that are designed to our own specifications, inspected and serviced at our modern facility located in central Wisconsin. Vortex has dealers located throughout the US, Canada, Europe and several major countries.

Vortex employees enjoy:

- A trusted leader with great integrity
 - Family atmosphere where employees are valued
 - Excellent benefits including medical, dental and 401K retirement savings
-
